The Barceló Punta Umbría hotel, situated at the entrance of the fishing village with the same name, and located in the heart of the Costa de la Luz, is a welcoming hotel built in typical Andalusian style, and is renowned in the province of Huelva. Its privileged location, on a magnificent virgin beach surrounded by dunes, and between the Marismas del Odiel Nature Reserve and the Los Enebrales Nature Park, makes this hotel a unique choice in the entire Community of Andalusia. Moreover, it is located just one hour away from the National Doñana Park.

The spaciousness and characteristics of the rooms, together with the hotel's excellent services, guarantee a perfect stay both for couples, families and friends, as well as for any type of meeting, congress or celebration you organise. The hotel has a magnificent Buffet Restaurant where you will find the best products of Huelva's gastronomy. Moreover, it also houses the à la carte "Los Enebrales" Restaurant, with Show Cooking and spectacular sea views, the Swimming pool drinks stand, the Bar-Cafeteria "Batavia", a Lobby bar with a terrace, etc. You will also be able to relax in the Spa & Wellness Centre with full massage programmes, a heated swimming pool, a citrus bath, sauna, Turkish bath, etc. What's more, the hotel has yet again been awarded the "Q" certificate for quality by the Spanish Tourism Quality Institute.

El Rompido Golf Integrated into the natural landscape of Marismas del Río Piedras Golf el Rompido is the only 36-hole golf course in the region (including the north and south courses). Its two 18-hole courses, surrounded by pine trees and orange groves, cross the Marismas or marshes and make their way towards the Atlantic Ocean, providing spectacular views and a unique sensation for golfers. The power of nature is apparent in every step, thanks to a total absence of buildings, making golf a pleasure for the senses. Opened in 2003, the South Course borders the clubhouse and is divided into two courses of very different characteristics in terms of technique and landscape. The pine wood, olive trees and marsh conspire to demand strategy and precision from the golfer. The North course, inaugurated in spring boasts privileged views due to its location on a hill. Its fairways, longer and wider than those in the south course, put the player's technique to the test.
